

# Table of Economies by Category

Source: For operational and analytical purposes, the World Bank's main criterion for classifying economies is gross national income (GNI) per capita. This classification does not necessarily reflect development status. The World Bank, October 2018, [www.worldbank.org](http://www.worldbank.org).

**Category A:** High income. **Category B:** Upper middle income. **Category C:** Low and lower middle income.

## Category A

|                   |                  |               |                           |                          |
|-------------------|------------------|---------------|---------------------------|--------------------------|
| Andorra           | Croatia          | Iceland       | New Zealand               | Slovenia                 |
| Antigua & Barbuda | Curaçao          | Ireland       | Mariana Is.               | Spain                    |
| Aruba             | Cyprus           | Isle of Man   | Norway                    | St. Kitts-Nevis          |
| Australia         | Czech Rep.       | Israel        | Oman                      | St. Martin (French part) |
| Austria           | Curaçao          | Italy         | Palau                     | Sweden                   |
| Bahamas           | Denmark          | Japan         | Panama                    | Switzerland              |
| Bahrain           | Estonia          | Korea, Rep    | Poland                    | Taiwan                   |
